Michigan Office Solutions (MOS), a Xerox Company and Provider of Leading-Edge Office Technology, Opens New Downtown Detroit Location at 1001 Woodward Avenue

To celebrate, MOS hosts contest for Detroit non-profits with more than \$50,000 in prizes

February 3, 2015 [DETROIT] – Michigan Office Solutions (MOS), a wholly owned subsidiary of Xerox Co. and a provider of leading-edge office technology and 3D solutions for business, today announced the opening of a new downtown Detroit location at 1001 Woodward Avenue, owned and managed by Bedrock Real Estate Services. MOS, a Grand Rapids-based company with more than 265 team members across Michigan, recently moved into the 4,374 square foot office space at the corner of Woodward and Michigan Avenues overlooking Campus Martius Park. MOS is the latest company to establish a new office in the state's burgeoning urban core.

MOS expanded its staff and moved more than two dozen team full-time members into the 23-story landmark building in late January. The space can accommodate significant growth and includes a technology showcase area that will allow business clients to see Xerox technology and 3D printing technology in action. In 2014, MOS was named the official print services partner of the Detroit Red Wings.

"We are thrilled to be a part of Detroit's remarkable resurgence, honored and excited to contribute to the downtown movement," said Ralph Slider, President of MOS. "Our new downtown Detroit office will not only positively contribute to the dynamic transformation of Detroit, it will allow us to service the needs of our current customers. Our new space will showcase Xerox technology and innovation."

"We are pleased to welcome MOS and Xerox to downtown Detroit," said Jim Ketai, CEO and Managing Partner of Bedrock Real Estate Services. "They are the latest in a flood of businesses choosing to expand and grow in the nation's most exciting and opportunity-filled urban corridor. MOS team members will love working near Campus Martius Park and being surrounded by restaurants, retail, and downtown Detroit's technology and entrepreneurial spirit."

The company is celebrating its arrival in Detroit by holding the first annual MOS ***Make My NonProfit Run Better Contest***. The contest is open to nonprofits in Detroit (check contest criteria for specific details). MOS will be giving away more than \$50,000 in office technology equipment to three winning organizations. The deadline to enter is Saturday, February 7, 2015. For more information, please visit www.mos-xerox.com/detroit.
