Michigan Office Solutions named 101 Best and Brightest Companies to Work For™ for the fifth consecutive year in West Michigan

Grand Rapids, MI – April 2, 2015 - For the fifth consecutive year in a row, Michigan Office Solutions (MOS) has been recognized as one of the “101 Best and Brightest Companies to Work For” by the Michigan Business & Professional Association. The winning companies represent a range of industries, such as automotive, construction, nonprofit, technology and healthcare.

“I could not be more proud of our employees who make MOS a great place to work. To be honored five consecutive years solidifies our belief that it isn’t just about the work, it’s about how we all work together,” - Ralph Slider, President of MOS. The Best and Brightest Companies to Work For™ competition identifies and honors organizations throughout the region that display a commitment to excellence in their human resource practices and employee enrichment. Slider continued, “This award validates the MOS business objective of hiring local talent and providing a culture that will allow each individual to develop their skills, knowledge and expertise which translates to a world class customer service experience for our customers. ”

“We are honored to recognize the efforts of this year’s 'Best and Brightest' companies. These companies have created impressive organizational value and business results through their policies and Best Practices in human resource management. This award has become a designation sought after by hundreds of West Michigan area companies and is a powerful recruitment tool in the drive to attract and retain exceptional employees,” said Jennifer Kluge, President and CEO of MBPA.

The 2015 winning companies were evaluated by IIT’s Center for Research and Service an independent research firm. Best practices that were evaluated were communication, work-life balance, employee education, diversity, recognition, retention and more. The association said the winning organizations excel in practicing “innovative strategies”. The winning organizations from this year’s competition will be honored by the association at its annual symposium on May 7 at the JW Marriott in Grand Rapids.
